

Construction of the International Museum on Jagannath Chetana – AN APPEAL

The prominence of Puri in the Socio-cultural map of India needs no exaggeration at all . From the days of yore , because of its speciality as a place of pilgrimage especially as the abode of Lord Jagannath and a place to attract tourists all over the world due to its serene beauty Puri has been able to maintain its cosmopolitan character. In addition to its speciality as a place of attraction for both the tourists and pilgrims allover the world , the establishment of the Shree Jagannath Sanskrit Vishvavidyalaya in the year 1981 has been an additionality and in a way a new identity for carrying forward the basics of Odishan Culture through vigorous Research on the cross cultural fertilization popularly known as **JAGANNATH CHETANA** , the sign qua-non of which is “*Vasudeva Kutumbakam*”- Universal brotherhood and Atmabat Manyate Jagat (Antrhopomorphisim)

To carry this mission to its logical and pragmatic end the University has proposed to open A Research Museum –Cum- Study Centre after the name of Lord Jagannath – “*Shree Jagannath Granthara , Samgrahalaya O Gabesana Kendra*” as a mega project for the furtherance of the basic objective referred to above. Though we are getting moral strength from all corners of the world , we need further encouragement through financial support as a source of real encouragement.

Therefore , it is our honest appeal to all concerned to daonate liberally to tanslate such a noble idea into reality and in the process start our excursion to the International arena for a scientific analysis with a critical outlook of what actually Jagananth Chetana Stands for.

In the era of globalization this will go a long way in propagating the philosophy of peaceful co-existence in a world free from the fear of war or the shadow there of .

With fraternal greeting to all our brothers and sisters on the occasion of the New Years Day wishing the members of the Global Village Peace, Prosperity and the Happiest 2012.
